

"You're not sick; you're thirsty. Don't treat thirst with medication."

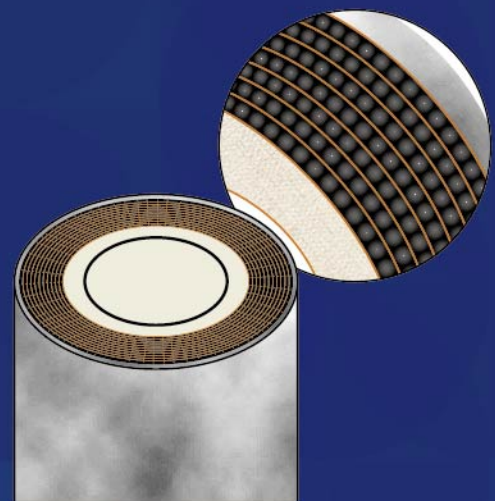

Dr. F. Batmanghelidj

Not all water filter cartridges are the same

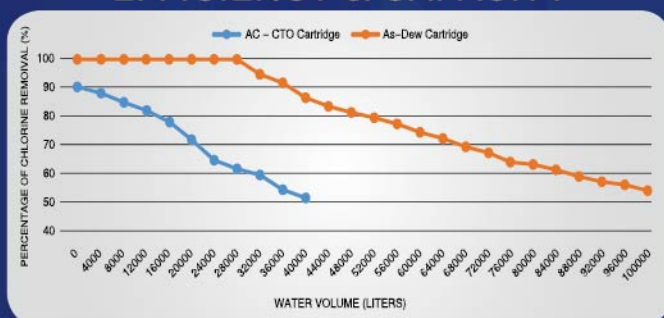

Outer : 3µm antimicrobial PP filter - traps dirt, rust, silt and other sediments to prolong usage of filter, reduce waste

Middle : Activated Carbon pressed non-woven sheets, no chemical glue used (no leaching), adsorbs chlorine, lead, pesticides, herbicides & eliminate odour and bad taste

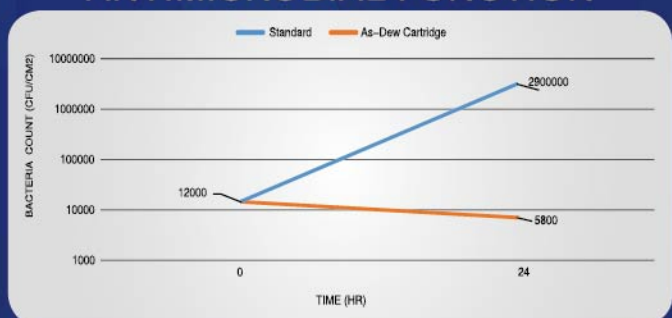

Inner : 0.5µm antimicrobial PP filter - stops parasitic protozoan cysts such as giardiasis, cryptosporidium and bacteria

EFFICIENCY & CAPACITY

ANTIMICROBIAL FUNCTION

Flexible System

Options to suit space, budget and water quality
